

Early Intervention Family Worker Newsletter

20th September 2021

Did you know?

We offer an opportunity to speak to a friendly professional from the Early Intervention Family Worker Team about any child or young person aged 4 to 12 in Cambridge City and surrounding areas.

You can ask a question, request support about your child's or young person's behaviours, get help with new routines and boundaries, or maybe just talk about how you are managing parenting in the current situation. We will give you advice, support, and help with signposting or just listen to your parenting experiences.

Activity Idea

Balloon Breathing

Focusing on the breath can help relieve frustration and anger in us all.

1. Sit or lie down in a comfortable position if you have time, if not this can be practiced when you are feeling cross anywhere!
2. Imagine that there is a balloon inside your tummy and take a deep breath in.
2. Keep going until the balloon is big.
3. Then slowly breathe out, letting all the air out of the balloon.
4. Try to imagine the colour of the balloon as you breathe.
5. Repeat and notice how much calmer you feel.

Parenting Top Tip - Helping children manage anger and frustration:

Work together to try to find out what triggers the anger. Talk about helpful strategies for managing anger.

You could encourage your child to: count to 10

- walk away from the situation
- breathe slowly and deeply
- clench and unclench their fists to ease tension
- talk to a trusted person
- go to a private place to calm down

If you see the early signs of anger in your child, say so. This gives them the chance to try their strategies.
