

Goodbye...

Dark brown varnish, grubby yellow and long gone stickers

...Hello!

Gorgeous celestial blue and design classic (James Leonard for Esavian no less)

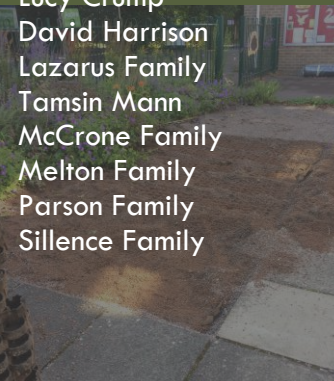

Huge thanks to Susanna Repo and family,
and Amanda Smith and family for
transforming these drawers!

Church Garden: DIY SOS, Shelford Style

Through out the summer the team shifted sub base, earth, sand, plastic grids, installed new edging, arch, concreted in arbour, prepared levels & installed new artificial grass, built new benches and veg bed, added stones and plants...oh and tidied up a lot!

The Dream Team:

Tamsin Mann
McCrone Family
Melton Family
Parson Family
Sillence Family

Andy & Max Armstrong & Adam Smyth on moving the basketball post detail

The Big Reveal

Now there is more space for loose-parts play and engineering (watch this space!), better defined edges with arch and walkway bench (that can be accessed from both sides), softer surfacing making it more inviting and deeper flower borders to build on the current planting. Year 2 also have a veg bed they can tend more easily.
