

Sports Premium Strategy and Evaluation Report

Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6.

2023/24 Overview of the school	
Number of pupils and sports premium grant received	
Total number of pupils on roll	210
Number of pupils Year 1 - 6	180
Lump sum from DfE	£16,000
Amount of PPG received per pupil	£10 x 180 = £1,800
Total amount of PPG received	£17,800
Carry forward from 2022-23	£0
Grand total to allocate 2023-24	£17,800

How the PE and sport premium should be spent:

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport we offer.

This means that we should use the premium to:

- **develop or add** to the PE and sport activities that your school already offers
- build **capacity and capability** within the school to ensure that improvements made now will benefit pupils joining the school in future years

There are 5 key indicators that schools should expect to see improvement across:

1. the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school;
2. the profile of PE and sport is raised across the school as a tool for whole-school improvement;
3. increased confidence, knowledge and skills of all staff in teaching PE and sport;
4. broader experience of a range of sports and activities offered to all pupils;
5. increased participation in competitive sport.
