*We live and work in harmony with love for one another, so we can achieve our potential within a community of life-long learners*

## Principles:

In line with our vision, *we live and work in harmony with love for one another*. We know that this positive foundation of **relationships** is the fundamental foundation for wellbeing. In addition, we understand that supporting pupil wellbeing is vital in enabling pupils to *achieve their potential*. This document is a live-document and will be reviewed at least annually.

## Aims:

The aim of the Wellbeing Offer is to outline what the school prioritises for the wellbeing of pupils.
